Vehicle Display Safety Regulations: Vehicles may be allowed in the facility for display purposes, provided they meet the following requirements:

- Fueling or fuel removal is PROHIBITED
- Vehicles are prohibited from being moved during an event without prior approval.
- Natural gas-powered vehicles must have the tank purged before entering the building.
- Exhibitors demonstrating or exhibiting a mechanized or motorized part powered by either propellant or electrical system must have prior written approval. Please contact Aleigha Frazier for approval 20 days prior to decorator move-in.
- Exhibitors requesting demonstration of, or exhibiting a moving vehicle must provide Nicole Becker with full written details of the proposed demonstration 20 days prior to decorator move-in.
- Gasoline powered vehicles on display must have fuel maintained at 1/8 or less.
- Fuel tank caps must be locked or taped shut.
- Battery cables must be disconnected, and the connecting leads wrapped with electrical tape.
- Gasoline and diesel fueled material handling equipment may not be stored overnight in exhibit halls.
- Refueling must be done off property.
